Dancing Classrooms Northeast Ohio (DCNEO) is a non-profit 501(c)3 organization that aims to build social awareness, confidence, and self-esteem in children through the practice of social dance. Our project's goals are centered on improving the educational experience of all students involved in a *Dancing Classrooms* residency. We intend that our program will produce tangible progress of increased attendance, decrease dropout rates, and increased social skills, self-confidence and overall academic performance, while fostering maturity and respect. Anecdotally school administrators and classroom teachers have correlated the *Dancing Classrooms* program with these goals. Research studies have been completed on the social development impact of the program, and the results support this feedback. The targeted schools include the Cleveland Metropolitan School District, Akron Public Schools, as well as schools within the suburban communities. A complete list of schools we work with can be found on our website.

**Dance & Give
Kids A Chance!**

24 hours of dancing – All in support of *Dancing Classrooms Northeast Ohio*. We weren't kidding when we said MARATHON!

All participants will actively seek "pledges" in support of their marathon efforts, which in turn will support the children of our program.

We've lined up FUN, FOOD, and DANCING, of course. Now we'd like to ask for your help to take this event to the next level. Our organization is in full swing with the social media outlets and no doubt our participants are, too. Contributions will be accepted via our Causes page and our website. You can rest assured knowing that the community will hear of your involvement!
